**President Report:**

Our webmaster from Three Kings Marketing suddenly passed away. I received 2 referrals from Tammy. Request for a quote has been sent.

Meeting rooms at the Township are full already for May 7, 2018. I inquired with the Library about using their community room however they only take request 30 days in advance of the date. **The board has decided to change the date of the annual meeting based on the availability of the community rooms at the Township.**

Pat Williams Township Supervisor contacted me this week to inform the association that the Township will no longer be plowing the sidewalks on Mortan Taylor. He stated this area is county property and by having the Township plow it, it would open them up to liability

The invoice from the Township came in for the cement work done on Hanford Rd, the bill is not due until March 2018. This has been added to the 2018 budget.

Refund received from Canton Twp for \$22 for the over payment on the Ford Rd cement project.

Newsletter to be included with the annual due statement have been approved by the board.
